## HYDROPAL WATER FILTER

### HYDROPAL™ WATER FILTER

The Urban & Survival Filter

Available for Oxygen®, Bubbles® & Plain screw cap bottles.

Whether you are a seasoned adventurer or you drink litres of bottled water per week, this product will provide you with an economical way to seriously improve the water you drink.

The prolific sales of single-use bottled water containers is having a big impact on our pockets and the environment. With Hydropal™ you can use water straight out of the tap anywhere and avoid buying multiple plastic bottles. Hydropal is now available as a promotional product, associate your brand with a clean, fresh and cutting edge image.

#### The Urban Filter

This filter eliminates chemical residue added to town and city water supplies such as chlorine and iodine, thereby seriously improving the taste of tap water. Designed for daily life around town, this lower density filter has the advantage of being easy to squeeze.

#### The Survival Filter

This filter eliminates chemical residue as well as 99.7% of Giardia and Cryptosporidium organisms. Designed for people who want to get outdoors and have the freedom to collect their water from nature, with the piece of mind of drinking clean water.

Note: For water containing bacteria and /or viruses, one should use chemical purification tablets. The tablets will kill the bacteria and viruses and the filter will eliminate the foul tasting and potentially harmful chemicals.

## SURESHOT LID

SURESHOT™

### SURESHOT® LID

The Sureshot® patented valved lid is the next generation in drinking systems allowing you to share a drink without having to open or close the lid with your hands or mouth. Manufactured in USA.

Available for the Bubbles 650ml, Oxygen 800ml & Plain 600ml and 800ml bottles.

Colours: White and Natural only.

## WHAT I WANT PRINTED ON MY DRINK BOTTLES

Please fax all order and quote requests to **(03) 5865 5150** please attach any details you may need to supply to us. If there is any artwork that you have ready, please email it to [mail@kangagraphics.com.au](mailto:mail@kangagraphics.com.au) or upload it to our website.

# TECHNIQUAL SPECIFICATIONS

### ARTWORK REQUIREMENTS FOR SUPPLIED FILES

*For Professionals, Designers and Trade Customers:*

Files can be accepted in the formats listed below.

Following the relevant instructions will ensure your information will be converted accurately.

#### File Format:

Illustrator

#### Instructions:

- Convert text to outlines.
- Make colour CMYK.
- Save links as TIFFS. (if possible)
- Attach fonts or rasterize fonts.
- Make colour CMYK.

Photoshop

In Design

Acrobat PDF

- Package document with fonts and links attached.
- As an option, all of the above files can be supplied as an high quality PDF.
- Fonts must be embedded.

Artwork supplied can be re-proofed if requested (Faxed or Email) If your file requires editing or alterations (e.g. font substitution) you will be notified at time of proofing. If your artwork is full colour / four colour process please supply file in CMYK.

If using spot colours please supply file in Pantone PMS colours. The same file should be supplied as an additional .pdf file for visual proofing (objects and type can sometimes change appearance once opened with different software). Please allow (Text, Graphics, Logos, etc) 2.5mm from edge of cut for cutting shift - unless image/artwork is bleeding past the cut line, then allow a further 2.5mm bleed. All images are best embedded. No need to add overprint to your artwork.

### For Home, Office and Desktop Publishers:

If using Word or Publisher, full colour jobs must be supplied as CMYK (not RGB). Spot colour jobs must be supplied as spot colour. No image closer than 3mm to trim, unless image is to bleed past the trim line. Any image that is to bleed must have 2mm bleed allowed in file.

### CONDITIONS OF SUPPLY

#### 1. Quotation

Quotations are valid for 30 days

#### 2. New Customers

New Customers are required to fill in a credit application. Deposit required on first order, and balance on completion. When established strictly 30 days. Some jobs with outsourced portions may require pre-payments.

#### 3. Accuracy of Specifications

Quotations are based on the accuracy of specifications provided and are subject to sighting final designs and artwork.

#### 4. Delivery

Unless otherwise specified, the price quoted does not include shipment to the customer's preferred destination. If freight is required we have several reliable couriers available and this is charged out at cost. Title and responsibility for the finished work passes to the customer upon delivery to the freight company.

#### 5. Production Schedules

Production Schedules will be established at point of order. In the event of delays due to causes beyond the control of Kanga Graphics, delivery dates and/or additional costs will be re-negotiated and no liability or penalty will be incurred by us for these delays.

#### 6. Unders and Overs

It is normal practice for Kanga Graphics to supply over-runs. These overs are supplied at no additional cost and will cover the unlikely event of any defective product being supplied that may have been overlooked at final inspection.

Under-runs may also occur and will not exceed 10% of the quantity ordered. Kanga Graphics reserve the right not to re-print or replace product in this instance and will invoice the customer at a pro-rata rate. If the customer requires a guaranteed quantity, this tolerance must be taken into consideration at the time of ordering.

#### 7. Electronic Images

It is the customer's responsibility to maintain a copy of the original file. Kanga Graphics is not responsible for storage or accidental damage to media supplied by the customer. Files are to be supplied

according to Kanga Graphics's specifications and any additional translating, editing or programming will be charged at prevailing rates. For further information call 0427 171 219

#### 8. Proofing

Kanga Graphics will submit electronic proofs for the customer's review and approval. Kanga Graphics will not be responsible for undetected errors and any re-prints will be supplied at the original cost. Kanga Graphics can also supply a proof via fax, but do not take any responsibility for any errors missed due to poor quality of proof via fax as we do not recommend faxed proofs.

#### 9. Colour Matching

Colours may vary from day to day, press to press, board to board and back to front, varnishes and laminates may also affect colour output. Kanga Graphics will not reprint for colour or shade discrepancies. Our bulk running system does NOT allow for this. If your require colour matching please clearly specify this, as this will incur a greater cost as your job will need printing separately under controlled means. Please note that due to variables involved in the printing processes, inaccuracies caused by inconsistent viewing conditions, colour perception and many other variables, matching PMS colours, supplied samples or full colour proofs is not guaranteed and a reasonable variation between these and the completed job is to be expected. When a variation of this kind occurs, it will be considered acceptable performance. For further information Call 0427 171 219

#### 10. Claims

Any claims on defective products or quality will not be recognised after 30 days from receipt of goods

#### 11. Disclaimer of Implied Warranties

Kanga Graphics warrants only that the work will conform to the descriptions contained in the original order and subsequent documented communication. Kanga Graphics's maximum liability, whether by negligence, contract or otherwise, will not exceed the return of the amount invoiced for the work in dispute. Under no circumstances will the provider be liable for specific, individual or consequential damages.
